THE PRINCE OF WALES AT JASPER

H. R. H. THE PRINCE OF WALES spent a delightful day in the Canadian Rockies when he visited Jasper National Park, where he was a guest at Jasper Park Lodge. Here he is shown being greeted by Col. Maynard Rogers, Park Superintendent, on the arrival of his special train at Jasper Station on the Canadian National Railways.

Calendar.

- Nov. 21—Dance at Holborn Hall.
- 21—Box Social and Dance, at Newmain Schoolhouse.
- 28—Popular Dance, Ducholke's Hall.
- Dec. 2—Henry Henning's sale.
- Dec. 5—Whist Drive and Dance by Holborn U.F.W.A.
- 19—Xmas entertainment at the Warden School.
- 22—Rosenthal School's annual entertainment.
- 23—Xmas entertainment at Spruce Grove School.

Liberal Delegates Elected.

The Liberal Primary meeting for Stony Plain constituency was held in the Royal Hotel on the 13th, with W. E. Bristow, president of the local Liberal association, in the chair, and R. L. Ghiselin acting as secretary. Plans were discussed for a reorganization after which the following delegates were elected, to attend the convention in Calgary next week: J. H. Miller, W. E. Bristow, E. H. Pidgeon, R. L. Ghiselin, Louis Gochel, O. Witherspoon, Frank Smith, G. W. Giese, Geo. Bevington, John P. Fahr, and Anthony Tyrkalo.

Wedding on Tuesday Next

Tuesday next, the 25th, will see a double wedding celebration at the home of Mr. and Mrs. Philip Schuetz. Miss Elizabeth Schuetz will be married to Mr. Wm. Albert Ries; and Miss Katherine Goetz will be married to Mr. John Schuetz. The ceremony will be performed at Saint Matthew's Church, by Rev. E. Eberhardt, the pastor. This will be followed by a reception at the home of Mr. and Mrs. Schuetz.

Edmonton Bye-Election

The official returns on the bye-election in Edmonton city to fill the seat in the Provincial Legislature vacated by Hon. Mr. Justice Boyle, were made the past week, and show W. T. Henry, liberal, to be elected over A. F. Ewing, conservative, by 27 majority. On the transmissible ballot, Ewing was eliminated on the second count, and H. M. Bartholomew was eliminated on the third count.

LOCAL NEWS.

Mr. and Mrs. R. A. Gosset intend spending the winter on the coast, and will be leaving next week for Vancouver.

Bob Stoker, who has been working in the district all summer, left on Saturday for his home near Sangudo.

Mr. and Mrs. Hy Giebel have made a business trip to the city on Saturday.

Mrs. Hopkins, Kinseedy, was visiting friends in this district over the week end.

Misses H. J. Boettcher and E. Gatz were delegates last week to the teachers' convention at Beaver Hills.

Mr. R. Hetcher, who had been buying grain at Fenn elevator, has been transferred to the main Gillespie elevator at Edmonton.

Mr. M. Ducholke made a business trip to Wolf Creek this week. Mike took his rifle along.

Inspector Fife paid a three-day visit to the local school and made a thorough inspection of all the classes.

Messrs. A. Melnie and W. Howay are said to have arranged to get out a Stony Plain Directory and Town Booster, containing names of local business houses and general information.

Mrs. Richardson is making good progress toward recovery at the hospital in Edmonton, and expects to return to her home at Comox very shortly.

At the voting, Friday, on the two-electric light bylaws, both carried by a vote of 54 to 6.

Several requests have been received for the printed account of the annual meeting and election of officers of the women's institute at Stony Plain. These were promised the Sunman, but have not as yet come to hand.

Mr. John Sinner has received full compensation from the insurance company for the blacksmith shop recently destroyed by fire, and now has a new one in course of construction.

The Agricultural Society directors held a meeting in the Town Hall on Monday afternoon, and made final arrangements for the payment of the prize money.

There were a number of disappointed "Wets" in town Friday last when they discovered the local beer sale had been closed owing to the vote on the town's bylaws being taken on that day.

The concert given by the Igloo Hut entertainers broadcast by Edmonton Journal will be "on the air" tonight for all Radio fans. The season's second concert was broadcast on last Thursday evening, and all the local fans who were "listening in" pronounced it first-class.

Trappers' licenses can now be had at the Sun Office.

New Oil Burners For Pacific Coast.

At the launching of the "Princess Kathleen." Left to right—Lord Abernethy, chairman of John Brown and Co., Clyde Shipbuilders; Lady McLaren Brown; Mrs. Trapp; Lady Mount Stephen, sponsor; Captain Trapp, C. P. Coastal Service; and George McLaren Brown, European general manager of the Canadian Pacific.

It is a long way from Alaska to the Clyde, but the recent launching of the Canadian Pacific Coastal S.S. "Princess Kathleen" from the Clydebank yards of John Brown and Company illustrates how the increasing business, traffic and industry of the one has affected the industry of the other. The launching of another vessel, the Princess Marguerite, will further illustrate this. During the past few years the thousand mile trip to the "land of the Midnight Sun" and return to Vancouver has attracted thousands of tourists from all parts of the world. Many of these, appreciating the industrial and commercial possibilities of this country of vast natural resources, as much as the scenic splendours, have established themselves there and have drawn others round them, each of whom plays a part in the further development of the land. The same thing applies to the Yukon, so that, especially in the Summer, and in the Fall when the big game and fish are fair sport, there is a constant coming and going on the Princess steamers that ply the "Inland Passage."

Next Year there will, it is expected, be a demand for a still more frequent service. In response the Canadian Pacific will recruit from its "Triangular" service, and the new steamers will take up the service thus relieved between Vancouver, Victoria and Seattle. This route is also becoming increasingly popular, the present call being for vessels which are able to transport the automobiles of those hundreds of tourists who are finding the shores of Vancouver Island well worth while.

The new vessels, twin screw and oil-burning, will be, when completed, the largest and fastest ships operating between the three ports, being capable of sustaining a speed of 22 1/2 knots. Altogether there are five decks, four of which are given over to the use of the passengers, while a large space on the main deck has been provided for the transport of motor cars and other freight. Accommodation is arranged for 325 first-class night passengers in two and three berth cabins, and for over one thousand day passengers. A special feature of the accommodation is the provision of 17 large rooms on the promenade and upper decks, having private bathrooms attached and 22 two-berth cabins, on the boat deck, having private shower baths. The accommodation throughout has been arranged with the greatest care for the safety and comfort of the passengers and is of a uniform standard throughout, while the accommodation for the officers and crew is substantially better than is required by regulations. Both vessels will be placed in service early in 1925.

WORLD HAPPENINGS BRIEFLY TOLD.

Sir Archibald Geikie, former president of the Royal Society and the Geological Society of London, is dead.

Switzerland's allotment for the reconstruction loan to Germany under the Dawes reparations plan, has been over-subscribed \$108,000, according to a Central News dispatch.

Charles W. Lightbody, of Yorkton, Sask., is the Saskatchewan Rhodes scholar for 1925. He was selected by the Rhodes scholarship committee from among six applicants.

The number of divorces in the United States last year was 11 per cent. more than in 1922, while the number of marriages was only 8.4 per cent. larger than the previous year.

Madame A. Kollantzi, is the first woman in the world to be appointed as a minister plenipotentiary. She has arrived in Christiania as the ambassador from Russia to Norway.

It cost the United States slightly more than ten cents a meal for its soldiers during the fiscal year ended last June 30, according to the annual report of the quartermaster-general.

Americans are eating more butter. The department of agriculture announces that 50,000,000 pounds more were consumed in 1924, the first time since this year than in the same period last year.

Failures in Canada during the week ended Nov. 7, totalled 35, as compared with fifty for the corresponding week of 1923, according to Dun's Bulletin. Manitoba reported four, Saskatchewan three and British Columbia one.

Sore, Aching Corns Drop Out In Hot Bath

To take the sting out of corns and to be sure you are going to be rid of them quickly, the hot foot bath employed with Putnam's Painless Corn Extractor is best of all. To use "Putnam's" is to end corns quickly. The extractor disappears, toes feel better at once—another application or two and the corns go away. Satisfaction is assured to everyone who uses Putnam's Painless Corn Extractor, 25 cts at all dealers.

Putnam's Corn Extractor

Elevator Co. Extends Operation
Provincial Incorporation of the Saskatchewan Co-operative Elevator Company, Ltd., of Regina and Vancouver, with a capital of \$5,000,000, is announced in the British Columbia Gazette.

TROUBLED WITH ECZEMA ON FACE

Very Itchy, Caused Eruptions, Could Not Sleep, Cuticura Healed.

"I was troubled with eczema on my face. It broke out in rash on my chin and was very itchy. Scratching caused eruptions and in a few weeks it spread all over my face. I could not sleep, and when-ever I washed my face I would almost have to scream."

"I read an advertisement for Cuticura Soap and Ointment and ordered a five cent sample. I purchased more, and after using two cakes of Soap and one box of Ointment I was healed." (Signed) Miss Kathleen Rothensh, 40, Duff, Sask.

Use Cuticura Soap, Ointment and Talcum and keep your skin clear and healthy.

Send "Cuticura" to Dr. H. B. Hall, Montreal, Quebec, Canada. Try our new Shaving Stick.

Making Moscow Modern

Special Commission Seeking Foreign Loans to Help Project

Moscow will soon rival in beauty and civic modernity any European capital. It presents plans of the municipal authorities materialized. Preparations are being made for the construction of a subway and the establishment of omnibus systems, taxi-cab lines, new tramways and other improvements. The present sewage and canal system will be entirely remodelled. A special commission representing the Moscow Soviet has left for Germany, France and Great Britain to seek foreign loans for these projects.

WHY RHEUMATISM OFTEN COMES BACK

The Usual Treatment Does Not Reach the Root of the Trouble

Most treatments for rheumatism do no more than aim to keep down the poison in the blood and enable nature to overcome that particular attack. Then when the system becomes run-down from any cause the disease again gets the upper hand and it all has to be done over.

Sufferers from rheumatism who have found their condition unrelieved or actually growing worse while using other remedies, would do well to try Dr. Williams' Pink Pills. The tonic treatment with this medicine has proved in thousands of cases that it builds up the blood to a point that enables it to cast out the rheumatic poisons through the regular channels, the bowels, kidney and the skin. When this is done rheumatism is banished, and as long as the blood is kept pure and rich the patient will be immune from attack. This is fully proved by the case of E. E. Davis, J.P., of Dinmore, Sask., who says:—"I feel it my duty to suffer from rheumatism to recommend Dr. Williams' Pink Pills. Some years ago I was a great sufferer from this trouble and was confined to my room. I tried two doctors without relief and had become despondent. Then I saw Dr. Williams' Pink Pills recommended for this trouble and got six boxes. Before they were all gone I was able to get around on crutches, and when I was on the eleventh box I started to work. I have not missed a day's work since on account of rheumatism. On two occasions since I have had light touches of the trouble, but a box of the pills soon put me right. I strongly recommend rheumatic sufferers to give Dr. Williams' Pink Pills a fair trial."

You can get these pills from any medicine dealer or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

Anti-Rolling Device For Ships

Demonstration Made On Atlantic Liner Proves Successful

The efficiency of anti-rolling tanks was determined on the last trip of the Hapag liner Albert Ballin from New York to Hamburg, when the ship for the first time encountered rough seas. Scandinavian Shipping News reported that the gyroscopic-pendulum indicator of a rolling movement of six degrees against the horizon with the tanks in operation.

When the anti-rolling device was put out of service, the steamer rolled instantly up to an angle of 16 degrees.

Nation-wide Fame—There is scarcely a corner of this great Dominion where the merits of Dr. Thomas' Electric Oil have not been tried and proved. It is one of the world's most efficient remedies for sore throat, larynx and many other ailments arising from inflammation. Rubbed on the skin its healing power is readily absorbed, and it can also be taken internally.

"Rocket" Plane Is Latest

French Air Service Experimenting With Querer New Type

Experiments will shortly be made with a queer new type of aeroplane which has neither engine nor propeller in the ordinary sense. The "rocket" plane, as it has been dubbed, figures on the experimental programme of the French Air Service. Instead of being provided with the usual engine, the motive power is generated inside the cabin of the machine itself. The apparatus produces gas under pressure in a combustion chamber and then ejects it at the rear of the machine, into the air by a kind of nozzle.

A reaction is set up which, it is claimed, will drive the plane at much greater speeds than the ordinary type of motor would do.

Indian ink is made from burnt camphor. The Chinese hold the secret of the process and will not reveal it.

Mina's Liniment For Colds

SUNDAY SCHOOL LESSON

NOVEMBER 13

THE TRANSFIGURATION

Golden Text: This is my Son, my chosen; hear ye him. Luke 9:35.

Lesson: Luke 9:25-36.

Devotional Reading: Psalm 86:1-7.

The Text Explained and Illumined

The Transfiguration, verses 28-31. The time of this event is given by all three Evangelists: it was about a week (after six days, say Mark and Matthew; about eight days after, say Luke) after "these sayings"—Peter's acknowledgment at Caesarea Philippi that Jesus is the Christ, the Son of the Living God; and Jesus's announcement of His coming crucifixion. "The Son of man must after many times be killed and after three days rise again." This Peter had not been able to accept. "Far be it from thee," he had cried. Jesus had energetically repelled the suggestion: "Get thee behind me, Satan," he exclaimed; "thou art a stumbling block to me, for thou mindest not the things of God, but the things of men." The week that followed must have been no ordinary week, the training of The Twelve, for they were far from the crowds that followed Jesus in the homeland, and wholly free from interruption. Dr. A. B. Bruce reminds us that the Gospel historians are not wont to be so careful in their indication of time, and their minute accuracy here signals in effect: "While the foregoing communications had discourses concerning the cross were fresh in the thought of all, the wondrous events we are now to relate took place. In fact, in the finger-pointing back to the conversation on the passion, and saying, 'If ye desire to understand what follows, remember what went before.'"

Soviets To Build Merchant Marine

Vessels Will Be Built Entirely In Russian Shipyards

Soviet Russia has begun the creation of its own merchant marine. It has just laid the keels of eight cargo boats and four passenger steamers. The vessels will be built entirely in Soviet shipyards, principally at the Putilov Iron Works and the Baltic Shipbuilding Yards at Leningrad.

The total cost of the 12 vessels, which will have an aggregate of 35,000 tonnage, will be \$5,000,000. They will be completed early in 1926. The government hopes through these steamers to lower freight rates and to compete with foreign shipowners.

She Got Relief From HEART TROUBLE

By Using MILBURN'S HEART AND NERVE PILLS

Mrs. Geo. E. Bowman, Morrisburg, Ont., writes:—"I am writing you a few lines to let you know of my experience with Milburn's Heart and Nerve Pills."

Two years ago I became very poorly. I was unable to do any work. I began to feel the most little bit of exercise my heart would start to jump and I could not walk up stairs without having to sit down and rest before I was half-way up on account of my breath becoming so short.

I commenced taking Milburn's Heart and Nerve Pills, and in no time got a great improvement and can now heartily recommend them to all those who are troubled with any affection of the heart."

Milburn's H. & N. Pills are for sale at all drug and general stores; put up only by The T. Milburn Co., Limited, Toronto, Ont.

Yokohama Is Growing

Yokohama is gradually coming back to its pre-earthquake state. Census figures show that 240,000 persons now live in the city, while the month after the earthquake more than a year ago the population had dropped to 250,000. The present population is within 100,000 of the old mark.

Why Flyer Was Delayed

Found Cow Had Eaten Holes In Wing Of Plane

"Delayed by cow eating wing. Home tomorrow."

This message was received by the officer in charge of flying at Brooks Field, San Antonio, Tex., about the time he was thinking of sending out a search party to find Lieut. Robert Wimsatt.

Wimsatt had flown to Fort Worth. When he returned to his plane after having transacted a bit of business he found great holes in the lower wings and stabilizer. Nearly was a cow.

Wimsatt made the necessary patches and hung around on-guard while they set.

Have Umbrella Duel

A scene reminiscent of another day was staged on the streets of Hull recently when two local business men engaged in a fierce duel. Instead of swords, however, they fought with umbrellas. The duel was to decide the payment of a bet.

Useful in Camp—Explorers, surveyors, prospectors and hunters will find Dr. Thomas' Electric Oil very useful in camp. When the feet and legs are wet and cold it is well to rub them freely with the Oil and the result will be the prevention of pains in the muscles, and should a cut, or contusion, or sprain be sustained, nothing could be better as a dressing or lotion.

Sweden Will Stay Dry

One of the results of the recent Norwegian elections in which the Conservative and Agrarian (Peasant) parties secured a narrow combined majority of two seats in the Storting, will be the retention of prohibition which was opposed by the Conservatives, but favored by a majority of Agrarian households.

There is no poisonous ingredient in Holloway's Corn Remover, and it can be used without danger or injury.

The first vessel of Hungarian registry ever to dock at Montreal arrived for a cargo of grain. She was the Oceana from Budapest.

Keep Mina's Liniment in the House

Will Shorten Journey

Air Line Bagged to London by Way of Fifteen Days

Fifteen days on the through journey from Bagdad to London will be saved when a new commercial service for passengers now planned begins operation.

Special passenger planes designed for this route, which passes over the desert between Cairo and Bagdad, will be used. They will be equipped so that meals can be served in the air, and the day saloon will be converted into sleeping compartments at night.

In a single season banana trees grow from 30 to 40 feet in height.

CALL ANOTHER CONFERENCE ON TAX PROBLEM

Ottawa.—The calling of further conference to deal with the problems which arise from time to time in the administration of provincial affairs is urged in a resolution passed by the closing session of the conference here between Hon. J. A. Robb, acting minister of finance, and representatives of seven of the provincial governments. A spokesman for the conference stated that it had been found that the problems arising out of the administration of public affairs in the various provinces presented so many varied aspects that the solution of such problems would be materially assisted by the further interchange of opinion.

The conference was unanimous in its recommendation for the exercise of economy in the administration of governmental departments.

The following agenda for the proposed conference was set forth in the resolution:

- (1)—Overlapping in departments where joint federal and provincial jurisdiction is being exercised.
- (2)—The consideration of income tax as to collection and allocation.
- (3)—Exemption of all purchases by and on behalf of provincial governments from operation of sales tax.
- (4)—Adjustment of federal subsidies to provinces with a view to having provincial subsidies bear a reasonable ratio to provincial expenditures.
- (5)—Provincial taxation of all nationally operated railroads.
- (6)—Inter-provincial relations in regard to succession duties.
- (7)—Consideration of measures for the reduction of taxation and further economies in administration.

Exploration Ship Has Ended Drift

Vessel Depending On Sails To Reach Safety In Bell Strait.

Christiana.—The Norwegian explorer Otto Sverdrup said the latest message he had received from Raold Amundsen's exploration ship, the Maud, was "unfavorable." He expressed the fear that the plan to drift past the North Pole in the Arctic ice floes would have to be given up.

Dr. Fridtjof Nansen, the explorer, said to interpret the message from the Maud to mean the vessel has abandoned the drift and is now trying to get back to Berlin Strait. He believes the Maud has exhausted her oil supplies and must depend on her sails to reach safety.

Australia Wants Voice

Should Be Consulted In Framing of Empire's Foreign Policy Says Bruce

Sydney, Australia.—Premier Bruce, in a speech at Dubbo, New South Wales, in which he dealt with Australia's present position in the British Empire, said if Great Britain or any other part of the Empire were attacked, Australia automatically would be at war. Therefore, if Australia were liable to be attacked because of her connection with the Empire, she must demand the right to be consulted in the framing of the Empire's foreign policy, he said.

To Pay Death Penalty

Tokio.—Daisuke Namba, charged with an attempt to assassinate Prince Regent Hirohito while the latter was driving from the Imperial Palace to the Diet on December 17, last year, was condemned to death. The trial took place in the Supreme Court, the public being excluded.

Fatal Explosion at Grand Rapids. Grand Rapids, Mich.—Two men were killed, one is dying, and 15 are injured as the result of a terrific explosion which destroyed the loading dock and revolving room at the main Grand Rapids Post Office, with a property damage of \$50,000.

Spread of Bubonic Plague

Secundabad, British India.—An epidemic of the bubonic plague, which has already caused 4,000 deaths, has broken out in the native quarter of Trimaligri, near here. One of the victims was a British soldier.

W. N. U. 1551

Reparations Commission May Cease To Exist

Paris.—Permanent eclipse of the Reparations Commission to a partial, if not to a total, extent, is foreshadowed in a communique issued by the commission's general secretary. The communique describes the measures of reorganization which will be enforced by January 31 "in consequence of the creation of organizations provided for in the experts' plan, the functioning of which must entail considerable reduction in the work of the organizations of the Reparations Commission."

Western Farmers Win Prizes

Prairie Exhibitors Carry Off Awards At Guelph Fair

Guelph, Ont.—Western Canada again figured prominently in the prize list at the Western Ontario Fair here, Saskatchewan and Manitoba exhibitors in the Clydesdales being particularly successful.

The Shorthorn reigned supreme in the arena, when over 80 animals, picked from the finest herds in Ontario and the western provinces, competed for the awards. The purple ribbon for the best bull exhibited was carried off by Beauty Chief, owned by Amos Black, of Moffat, Ont., while the award for the champion female was captured by Wright Farms, of Drinkwater, Saskatchewan, on Clipper Zoe 2nd.

In the bulls, senior calf, J. I. Miller, of Kane, Man., took sixth place. In the Clydesdales, Ben Finlayson, of Brandon, took first in the aged stallions, and first in the three-year-old stallions.

Dr. D. D. Reid, of Canora, Sask., was first in the stallion yearling, and John Bryce, Arcola, Sask., was first in the foal stallion.

Question Of Natural Resources

Disposition Now Is To Deal With Provinces Separately

Ottawa.—Premier Greenfield, of Alberta, is coming here this month to have another conference on the question of returning to the province its natural resources in public lands and minerals, but no similar move in the long standing matter has been indicated by Manitoba or Saskatchewan.

There is no foundation for the eastern report that a new inter-provincial conference of all the provinces will be summoned on the question. Several held in the past 10 years were abortive. Moreover, the disposition is to regard the question as essentially western, while the later plan is to deal with the provinces concerned individually instead of collectively, owing to the dissimilarity of their interests.

To Preserve Peace

British, French and Belgian Pact Urged For European Harmony

Brussels.—An Anglo-French-Belgian pact would be the surest security for maintenance of peace in Europe, Foreign Minister, Hymans declared in reviewing foreign affairs at the opening of parliament.

He said that since the armistice Belgium had never ceased to hope and work for such a pact. The foreign minister, however, praised the League of Nations protocol as a step toward ultimate disarmament and peace.

Sues Loeb and Leopold

Joliet, Ill.—Suit for \$100,000 damages was filed in Circuit Court here against Nathan F. Leopold, Jr., and Richard Loeb, serving life term for slaying Robert Franks. The suit was filed on behalf of Charles Ream, a taxicab driver of Chicago, who charged that the two mutilated him.

France Will Pay War Debt

London.—The French ambassador has informed the Canadian High Commissioner, Hon. P. C. Larkin, that on December 31 the Government of France will pay off the debt it owes Canada in connection with the war, the amount totalling \$5,657,000.

German Jewelers Busy

Forstheim, Germany.—One of the few German industries reaping on full time at present is the jewelry business here which for some weeks has been operating at capacity to catch up with Christmas orders.

Premier Of Britain

Stanley Baldwin, who will lead the newly-formed Conservative Government in the Mother Country.

King Fuad Confident Of Ruling Sudan

Believes British Will Eventually Grant Extension of Sovereignty

Cairo, Egypt.—King Fuad in the address from the throne on the occasion of the opening of the Egyptian Parliament, declared that while the recent visit of Premier Said Zagloul Pasha to Great Britain did not result in the beginning of new negotiations, the Egyptian Government had full confidence that this eventually would be the result.

"We shall reach our goal," he said, "by virtue of the strength of right, the union of the people, of their attachment to the throne, and of the solidarity of all for the safeguarding of our rights in the two parts of the valley of the Nile, without admitting or recognizing any act likely to prejudice them."

Border Patrol Strengthened

U.S. Takes Precautions To Stop Illegal Entry From Canada

Washington.—The United States Immigration border patrol for the Canadian boundary is being recruited to its full strength of 450 men. The chief of Canadian harvest, immigration officials said, has found an increasing number of persons attempting to come into this country illegally and every precaution is being taken against this drive.

A dispatch from Winnipeg said the United States border patrol was to be strengthened to combat the smuggling of aliens into North Dakota and Minnesota from Manitoba and Ontario.

Reviving Interest In Wembley

British Government Will Open Exhibition Again Next Year

Stanley Baldwin's declaration that the government is determined to open the great Wembley exhibition again next year has had an immediate reviving interest in the fair and its future.

Major Tomlin stated that he is still waiting for official word from Ottawa, but that he has already started his plans to make the second exhibition far more representative of Canada than was last year's. He says that he expects Canada's participation next year will be greater than this year.

To Investigate Relations Between Britain and Mexico

London.—One of the first acts of the new Conservative administration is expected to be re-opening of a complete investigation of the relations between Great Britain and Mexico. The attitude of the new cabinet, as a result of the successful overthrow of the De La Huerta revolution, and the desire for a resumption of relations by commercial organizations, is said in well-informed circles to be quite friendly. Foreign minister, Austen Chamberlain, is expected to appoint a committee to investigate the relation of the two countries.

Awaits Return Of Chief Commissioner

Prairies' Application For Crow's Nest Appeal Starts November 24

Ottawa.—The application of the prairie provinces for leave to appeal to the Supreme Court from the judgment of the railway commission in the Crow's Nest case will likely be heard here on November 24, following the return of the chief commissioner from the west. There is no question of this leave being granted.

The matter has been before the cabinet, the request for a suspension of the commission's order having been deferred. While the matter is regarded here as primarily one of law it is possible that the appeal to the cabinet may be followed by requests for a hearing before that body on the ground that questions of fact, as well as of law, are involved in the commission's ruling and its interpretation of its powers.

Large Wheat Decline

Crop Estimate Gives Total Yield As 271,622,000 Bushels

Ottawa.—A crop report issued by the bureau of statistics estimates the wheat crop at 271,622,000 bushels. This is 20,000,000 bushels less than the last estimate. The final estimate for last year was 474,159,000 bushels.

For the three prairie provinces the provisional estimates of the yields of the five principal grain crops are, in bushels, as follows, the final estimate for last year being given within brackets:

Wheat.—245,906,000 (452,360,000).
Oats.—233,425,000 (391,756,000).
Barley.—66,320,000 (59,778,200).
Rye.—11,758,000 (20,842,000).
Flaxseed.—9,641,000 (7,044,800).

May Build Singapore Naval Base

Sydney, Australia.—Premier S. M. Bruce, in a recent speech said he was confident that the new British Government would proceed at an early date with the construction of the naval base at Singapore, and would give effect to decisions of the Imperial Economic Conference of last year.

Uses Radio To Boost Loan

Paris.—Finance Minister Clemenceau is to open the selling campaign of the new French internal loan in comfortable and modern fashion, broadcasting from his office armchair a talk extolling and explaining the advantages of the new bonds to the investor and the government.

Charles Dickens' old home, Gadshill Place, is being transformed into a young ladies' boarding school.

U.S. INTERESTED IN UTTERANCE OF SIR AUCLAND

Washington.—United States Government officials and members of congress expressed keen interest in the utterances of Sir Auckland Geddes, former British ambassador to the United States. Sir Auckland, speaking at Westminster Hall, London, held that the United States, exercising a profound influence on the United Kingdom, and to an even greater extent, on Canada and other Dominions, and that in Washington there "is an instinctive understanding of their difficulties."

Few leaders in the United States would have been prepared to portray the influence of the United States over the Dominions or the United Kingdom as so great as Sir Auckland put it. "Nevertheless, it has been realized here for years that there has been a gradually improving understanding with Canada and the British Empire in general. Sir Auckland's remarks are the most interesting as it has been well known here that he has discouraged the sending of a Canadian ambassador to Washington. Sir Auckland's reference to "Dominions that look on the Pacific," is regarded here as an allusion to the Japanese immigration question, which this country, Western Canada, Australia, and New Zealand have, to a large extent, a common view.

Denounces Bolshevism

Emma Goldman Excoriates Russia's Soviet Government

London.—Emma Goldman, who was deported from the United States in 1919 as an undesirable alien, and now seeks asylum in England, was welcomed by three hundred Britons to their country at a dinner given in her honor here. Miss Goldman spent a considerable part of her exile in Russia, and she eloquently excoriated Russia's Soviet Government.

The oppressed masses in Russia, she said, were being silenced as they never were under the Czar, and all ideals had been discredited by the ruling forces in that country. Bolshevism, she characterized as an international disease, and she promised to fight hereafter, wherever she might be, for the principles of liberty, which were the most essential things in human life.

"To call the present Soviet Government a workers' experiment is the most preposterous lie ever told," Miss Goldman told her audience.

French Scheme To Lower Living Cost

Will Import Thousands of Live Sheep and Cattle

Paris.—To bring down the price of the family steak and about the federalization of French provincial traders has submitted to Premier Herriot a scheme for the importation on the hoof of 70,000 sheep and 20,000 cattle from the Argentine, Uruguay and Abyssinia. The federation spokesmen claimed that this imported meat would be at least 10 cents a pound under the price of the home-grown article, and succeeded in convincing the premier to the extent that the latter agreed to recommend that the minister of agriculture permit the plan to go into operation.

Defeat Of Victorian Labor Government

Adverse Vote On No-Confidence Motion Was Anticipated

Melbourne, Australia.—The Victorian Labor Government was defeated in the legislature by a vote of 34 to 28 on a motion of want of confidence. The no-confidence motion was moved by J. Allan, leader of the Farmers' party.

The adverse vote against the government was anticipated.

Commemorates First Flight

Paris.—A memorial stone commemorating the first officially controlled airplane flight in France was inaugurated at Bagatelle, in the Bois de Boulogne, where M. Santos-Dumont covered 220 meters in 21.15 seconds on November 12, 1904.

BRITISH YOUTHS TO STUDY FARMING

The first party of British youths brought to Alberta under the Empire settlement plan to study western farming conditions, reached Vermilion over the Canadian National Railway recently. The boys are shown here on their arrival at the Canadian National station at Quebec en route to Western Canada.—C. N. R. Photos.

*Bovril inside
keeps cold outside*

Taxation

Problems of taxation, Federal and Provincial, and to some extent municipal, are subjects of consideration at a conference in session at Ottawa as this article is written between the Finance Minister of Canada and the Treasurers of the several Provinces. Methods of taxation constitute a problem in which all men entrusted with the responsibility of Government and the administration of public affairs must be, and are deeply interested. They are not backward in displaying that interest, nor can they be accused of delinquency in improving taxation, whatever other charges of neglect may be laid at their doors.

If members of Government, who are responsible for the imposition and collection of taxation, are thus deeply interested, how much more vitally interested should the people as a whole be who have to pay the taxes. It is regrettable that, however, that a large percentage of the taxpayers give little thought or study to the subject except to give voice to criticism and complaints when paying their tax bills. The men and women who pay the taxes should be more keenly interested in the whole subject of taxation than are members of Government whose duty it is to impose, collect and then administer those taxes.

Every citizen should make it his or her business to learn everything they possibly can about this subject. They should study the form of taxation imposed on them; the scope of it; how the taxes are collected, whether economically or otherwise; whether unnecessary duplication in imposition and collection exist; and, finally, to what extent each particular form of taxation places a handicap on business, industry and national development. In a word, each citizen should endeavor to find out whether our systems and methods of taxation are serving their avowed object, or are really operating so as to limit the ability of the people to pay taxes.

According to newspaper reports suggestions for simplifying the imposition and collection of certain taxes have been advanced by Provincial representatives at the Ottawa conference, but these do not seem to meet with much favor by the Federal authorities. Under the British North America Act, the Provinces are limited to the imposition of direct taxes, and prior to the war the Federal Government refrained, for example, from imposing a tax on incomes. But the stress of war finance forced the adoption of a Dominion Income Tax. In some Provinces there are now three taxes levied on incomes, Federal, Provincial and Municipal. In other Provinces there is either a Provincial or a Municipal Income Tax as well as the Dominion tax. It is contended, therefore, that if the Dominion is by force of necessity compelled to maintain its Income Tax, it should make itself responsible for the collection of the whole of the taxes on income and rebate a stated percentage to the Provinces, thus doing away with much duplication and expense in collection.

This seems a sensible and economical proposal and one which undoubtedly would appeal as businesslike to a majority of the people. But Governments are notoriously reluctant to collect taxes for other Governments, and rather than do so the people are forced to put up with and pay for much otherwise unnecessary duplication. It is time the people made their voice heard in the matter. It is their money that is at stake.

The Finance Minister at Ottawa should give heed to the representations of the Provinces, and careful consideration to the views set forth in the memorandum submitted by Provincial Treasurers Black, of Manitoba. Provincial policies and services do not impose additional expenditures on the Federal Government, but many Federal policies do compel larger expenditures by the Provinces without any compensating increase in Provincial revenues. For example, immigration expenditures by Ottawa mean additional population, and additional population results in increased Federal revenues through Customs, Excise, Post Office, etc., etc. But to the Provinces increased population means larger expenditures for roads, bridges, ferries, schools, administration of justice, etc., etc., with only a paltry return by reason of the per capita allowance from Ottawa.

The Dominion Government, too, has the whole field of taxation, direct and indirect, open to it. Its power to levy taxation is, therefore, elastic. But the power of the Provinces is limited. The Provincial requirements and expenditures are increasing without any corresponding increase in revenue. Not only is such a situation impossible for the Provinces and municipalities, but, as Mr. Black points out, it must in the long run adversely affect the whole Dominion because neither Dominion policies, or finance can be maintained in a healthy state if the Provinces and municipalities are financially embarrassed.

The whole subject of taxation in Canada requires careful study and wise overhauling, and in this work the interests of the taxpayer rather than of Governmental bodies elected to represent the taxpayer should receive first consideration.

A Real Blow

Captain Found Young Officer Was Not So Stupid

It was the midday's day's duty aboard ship, and the captain, who had had a pretty thick time of it the night before, was in consequence in no very gracious mood when the budding officer presented himself. "Good morning," he growled, "foot of the family sent to the navy as usual, I suppose." "No, sir," came the reply; "I believe things have altered a little since your day."

The ostrich feather industry in South Africa is on the decline.

Minard's Liniment Relieves Neuralgia

Prevention Of Cancer

Free Use Of Soap and Water Advised By Medical Man

The medical profession should interest itself in cancer prevention before conducting a research into what cancer really is, in the opinion of Dr. James Ewing, professor of pathology at Cornell Medical School, who addressed the Ontario Academy of Medicine at Toronto. A few of the striking statements made by Dr. Ewing were: That a more violent use of soap and water would prevent much of the cancer of the skin.

Cancer of the stomach was seldom developed from ulcers of the stomach. Cancer of the mouth, tongue and lips was usually caused by the use of tobacco or by bad teeth. Cancer was usually caused by constant irritation, over a considerable period of time. He expected to see a large increase in the number of cancer cases among automobile mechanics, due to their hands and arms being coated with oil.

COLOR IT NEW WITH

"DIAMOND DYES"

Dyeing and tinting is guaranteed with Diamond Dyes. Just dip in cold water to tint soft, delicate shades, or boil to dye rich, permanent colors. Each 15-cent package contains directions so simple any woman can dye or tint lingerie, silks, ribbons, skirts, waists, dresses, coats, stockings, sweaters, draperies, coverings, hangings, everything new.

Buy "Diamond Dyes"—no other kind—and tell your druggist whether the material you wish to color is wool or silk, or whether it is linen, cotton, or mixed goods.

Transmit Power By Wireless After 15 years of experiments, a Viennese carpenter named Schapeller has succeeded in transmitting high-power electric current by wireless.

Minard's Liniment Used by Physicians

Radio Signal Around the World

Eastbound Signal Wins Race By One Second

Two radio signals were flashed in the opposite directions around the world from the third annual National Exposition in Grand Central Palace, New York, and the eastbound signal won the race by one second.

The letter C went eastward, completed the circuit in five seconds, while the letter S made the westward journey in six seconds. The difference in time was due to the fact that the winning signal was relayed only three times while the westward signal was handled by one additional relay station. The relay points were: Eastward, Paris, Saigon, in French Indo China, and San Francisco; westward, San Francisco, Honolulu; Malabar in Java, and London.

Predicts Cheap Aircraft

Will Be Sold For \$500 Says Airplane Manufacturer

H. G. Fokker, the airplane manufacturer, predicts that within 20 years aircraft will be selling for \$500.

"Almost everyone will be flying then," he says, "because planes will be less expensive than motor cars. I am convinced that within ten years we shall be crossing the Atlantic within twenty-four hours, carrying passengers and mails."

Mr. Fokker says that 90 per cent. of the planes now being built in Europe were for the military and naval purposes.

Alberta Boundary Established

Line Between Alberta and B.C. Now Fully Located

After 11 years work on the boundary line between British Columbia and Alberta, R. W. Cautley, engineer, has completed the undertaking. This year the surveying was done in the mountain country and passes near the Smoky River.

The border between the two provinces is now fully located and staked off from the international boundary to a point on the meridian north of the Peace River block. It is expected that it will not be continued further north until such time as development in the northern portion of the provinces necessitates further boundary surveys.

Wool From Trees

A substance that has many of the qualities of natural wool has been produced from the long, slender spines of the Scotch fir by German scientists. This wool can be curled, felted and spun or woven into carpets, and, mixed with a canvas warp, makes excellent blankets. The coarser qualities are used for stuffing mattresses and have been found proof against insects, while the aromatic odor is said to be agreeable and beneficial to patients.

Urges ZR-3 For Pole Trip

The ZR-3 can make the trip to the North Pole, explore the Arctic Circle and blaze an air trail across the top of the world, in the opinion of Captain Robert Bartlett, Arctic explorer.

Asthma Brings Misery, but Dr. J. D. Kellogg's Asthma Remedy will replace the misery with welcome relief. Inhaled as a smoke or vapor it reaches the very innermost recesses of the bronchial passages and soothes them. Restriction passes and easy breathing returns. If you know as well how this remedy would help you as do thousands of grateful users, there would be a package in your home to-night. Try it.

One of the most valuable documents stored in Somerset House, England, is the will of Shakespeare.

To safeguard the child from damage that worms cause, use Miller's Worm Powders, the medicine par excellence for children. These powders will clear the system entirely of worms, will regulate and stimulate the organs injuriously affected by the worms, and will encourage beautiful operation of the digestive processes. As a vermifuge it can be relied on for its effectiveness.

It takes two to make a quarrel, but a dozen or more generally take a crack at it before it is patched up.

Here and There

"Moose are plentiful in the Chapleau, Ont., district, and hunters can secure a good bag of deer and bear," says J. W. McVey. Experienced guides can be obtained and hunters are assured they will get their limit.

"One of the things for which Canada is most to be congratulated is that she has established a system of education that commences favorably with any in the world. Canada is a nation of literates; she has a remarkably small proportion of illiterates," stated the Right Hon. H. A. L. Fisher, former Minister of Education in the British government, when disembarking at Montreal.

One of the many gifts offered by enthusiastic individuals to the Prince of Wales on his visit, the majority of which he could not for obvious reasons accept, was a package of French-Canadian tobacco grown on a farm at St. Roch l'Acadie, situated near the boundaries of Montcalm and Assomption counties. In a letter from the Alberta ranch the Prince through his secretary thanked the donor for the gift.

A cablegram from London, England, quotes an article in the "Financial News" dealing with the British Empire Exhibition. It stresses the exceptionally fine exhibit staged by Canada, and the unquestionable benefit to trade relations it has effected. The article pays a high tribute to the Canadian Pacific Railway exhibit, describing the railway's gorgeously illuminated map of Canada, with its 5,000 incandescent lights as probably the most brilliant specimen of cartography ever seen at the exhibition or elsewhere.

It has been announced that H. J. Logan, M.P. for Cumberland, will accompany the Minister of Trade and Commerce to the West Indies to negotiate a new reciprocal treaty with those islands. The general purpose of the visit is to admit West Indian commodities free in return for Canadian manufacturers receiving free treatment, the products of the two countries being entirely dissimilar. It is also hoped to build up a direct system of importations through Canadian ports instead of through the United States, by which route a great proportion of West Indian products now come to Canada.

The Canadian Pacific Railway has appointed P. A. Cox, general agent, to be assistant Oriental manager, at Shanghai, and E. F. L. Sturdee, acting general passenger agent for the Orient, to be general passenger agent for the Orient, with headquarters at Hongkong. Leo Solloway, recently appointed Asiatic freight agent, with offices at Montreal, and supervision over Oriental and Australasian traffic via Pacific ports, has the distinction of being the youngest official in the Canadian Pacific Service. He was born in Vancouver, in 1895, and has been in the steamship freight service 14 years.

The winners of the Canadian Pacific Railway's Ontario bungalow camp fishing trophy competition for 1924 were announced recently. The French River position resulted in two competitors turning in fish almost identically alike. In this contest a tie was declared. The successful anglers were D. W. L. Hawkins, New York City, and H. H. Champ, Hamilton, Ontario, each entering a small mouth bass weighing exactly 4 pounds. The winning fish at Nipigon River Camp was a 6 pound, 10 ounce trout, caught by William Meisner, Detroit, Michigan. The Devil's Gap (Lake of the Woods) trophy was won by J. A. Farling, Winnipeg, Manitoba, who entered a muscalunge weighing 29 pounds, 8 ounces.

INGA M. D. NO. 520.

The Secretary-Treasurer will be in Stony Plain on Saturday, December 14th, from 10 a.m. to 6 p.m. for the purpose of collecting taxes.

E. H. PIDGEON,
Secretary-Treasurer.
